## Deduce or Die

## Interrogation

1. Select two cards to define a range.
2. If cards of the same suit, question applies to that suit only.
3. If cards of different suits, question applies to all suits.
4. If cards identical, player can ask about either:
a. all cards of that rank, or
b. all cards of that suit

## Accusing the Murderer

1. Identify the two evidence cards.

SOLUTION
(2 evidence cards)
2. The murder card is equal to the sum of the cards.
3. If the cards are of the same suit, the murder card is also of the suit. If the cards are of different suits, the murder card is of the third suit.
4. If the sum is greater than 9 , subtract 9 from the total.
5. The player holding the murder card is the murderer. If no one is holding it, the next higher card of the same suit that is held is the murder card.
6 . The player holding the murder card needs to determine the player holding the next higher held card of the same suit.
7. May accuse at any time. Write the solution on the sheet, examine the evidence and ask to see the accused's cards.

| Names | A | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  |  |  |  |  |  |
